Information:

On Saturday, July 19, 2025 from 5:00 pm to 9:00 pm, the drivers of the Bundesliga race will have the opportunity to train on the race track. It should be noted that the 24-hour race will also be taking place during training and there will therefore be an increased number of riders on the track. It is therefore necessary for all drivers to wear their Bundesliga starting numbers. Entry and exit to the track is via pit 22.

Exclusion of liability:

The driver confirms that he has familiarized himself with the situation on the track and undertakes not to endanger the participants of the races taking place on Saturday at the Nürburgring when overtaking and being overtaken. Participation in training is at the driver's own risk.

Drivers accept the organizer's terms and conditions and the exclusion of liability.
